VISITOR INFORMATION

Welcome to New Hope Community Church. We're so glad you're here today.

This season we're walking through A Summer with C.S. Lewis, an eight-week series drawing from the life and writings of one of the most thoughtful Christian voices of the last century. From his own story of belief to books like Mere Christianity, The Screwtape Letters, A Grief Observed, and The Chronicles of Narnia, Lewis still helps us think honestly about faith, suffering, and hope.

Each week stands on its own, so wherever you're joining in, you're right on time.

Every Sunday brings worship and a message from God's Word, with New Hope Kids and student ministries meeting through the morning, so there's a place for your whole family.

If you'd like prayer, find a pastor or usher and we'll get you connected. To take a next step, stop by the welcome area or fill out a Connect Card. We'd love to meet you.
